

FC-4710 Vapor Tank Enclosure
Limited One Year Warranty

JEM Industries, Incorporated (JEM) warrants that its product will be free from defects in workmanship and materials under normal use and service for a period of twelve (12) months from the date of purchase. JEM's warranty does not extend or apply to the following: ordinary wear and tear, expendable items, altered products, materials not manufactured specifically for the enclosure, specification/designs supplied by the buyer, or damage or defect caused by abuse, accident, misuse, damage caused through storm, fire, or acts of God, or by improper installation or use. Equipment, accessories, and other parts and components not specifically manufactured for the JEM enclosure are not covered by this Limited Product Warranty and are only warranted to the extent, if any, of the original manufacturer's warranty to JEM. Under no circumstances shall such other manufacturer's warranty create any more extensive warranty obligation of JEM to the buyer than JEM's warranty covering products manufactured by JEM.

The foregoing is in lieu of all other warranties, oral or written, express or implied. There are no express warranties other than those contained in this limited product warranty and, to the extent permitted by law, there are no implied warranties including but not limited to any implied warranty of fitness for a particular purpose. The provisions of this Limited Warranty as to duration, warranty adjustment and limitation shall be the same for both implied warranties (if any) and express warranties.

Buyer must return to JEM a completed and signed warranty registration card within (30) days of purchase. Buyer must make claim of any breach of any warranty to JEM within thirty (30) days of the discovery of any defect. Notification should be in writing and include JEM product number, proof of purchase, date of purchase, and detailed report of the alleged defect(s). JEM, at its discretion, may elect to have the enclosure or components involved in a warranty claim returned to its factory. All transportation costs under the warranty, including return to the factory, are to be borne and prepaid by the purchaser/owner. JEM agrees, at its discretion, to replace or repair any part or parts of the product deemed warrantable. JEM will not install or be liable for any installation costs associated with warranty claim. Any warranty repairs/replacements by JEM shall not extend the initial warranty period set forth herein. JEM will not reimburse costs incurred by the buyer in removing, replacing, installing, re-installing, repairing or returning the equipment or any parts. Under no circumstances will JEM be responsible for any cost or expense in connection with repairs made by anyone other than JEM unless such repairs have been authorized in advance by JEM in writing.

This Limited Product Warranty sets forth buyer's exclusive remedy and full extent of JEM's liability for breach of implied (if any) and express warranties or for breach of contract, product defect, negligence or any other cause or reason in connection with the sale or use of the equipment. JEM shall not be liable for any special, indirect or consequential damages for loss, damage or expense directly or indirectly arising from the sale or use of the equipment or any other cause whether based on warranty (express or implied) or tort or contract.

If repair, replacement or field services are provided at the buyers' request, and JEM determines that there is no defect within the provisions of this Limited Product Warranty, the buyer shall pay for any and all expenses associated with such repair, replacement or field service.

Any such extension shall be in writing and shall be subject to the terms and conditions thereof as well as all of the conditions and limitations (except duration) of this standard Limited Product Warranty.
